Greetings friends and family,

I pray that your day is going well. I just wanted to take a few minutes of your time to update you on what I have been doing in Santa Rosa de Copan, Honduras.

Working: This past month has been one full of work in preparation for the coming year. We have been preparing for the groups to come in the summer as well as the few coming during the winter season. We have also spent some time setting up for Basketball Camp which we will have before this coming Christmas break.

This work involved putting up basketball goals and will also involve a few mornings spent learning the moves that we will be teaching to the kids. I am glad to be able to participate in something so important to so many people. Learning a sport is a great way to learn discipline.

Boot Camp: The AIM men have had our third week of Boot Camp. Throughout this week we spent much time in the study of the books of James and 1 Peter. It was a good learning experience for all involved and also a great experience to get to know all of the brothers from around the country here in Honduras.

Church: As time goes on the Church continues to grow with all of the members working towards the same goal. It is such a blessing to be able to be part of a congregation with such steady growth that is guided by such strong leaders. It is also nice to see that so many young people are interested in what the Bible has to say.

Quartet: On a side note, I have become the tenor of a quartet here. Our song leader was hoping that we could demonstrate to the other Christians in the area how to harmonize. I am super excited to see how this will turn out.

Men's retreat: This month we went on a Men's retreat about spiritual growth and leadership. Our guest speaker was Howard Norton, a retired missionary who spent around thirty years in Brazil before coming to Honduras and being the president of a Bible institute in Tegucigalpa. We had a blast and learned quite a bit about keeping our own spiritual growth going while taking care of others at the same time.

Other Events: We had an elder from a Church in Georgia come down and give us a few lessons on working together as a diverse team with different personalities and how to better understand each other. I was able to learn a lot about my own team and how diverse our personalities are, as well as how diverse the people that we work with are. I am hopeful that there will be more

events like these in the future.

On the fun side, we have played basketball a couple of different times while we have been here. It is such a good balance of work and play: one day we work, and the next we play. I also have enjoyed being able to learn more about the culture here with the opportunity to play soccer.

Coffee Ministry: As we come to a close of a new year, we are also coming to a break in our ministry. Over this Christmas break we will analyze how our work has been going, and how to better go about studying in the coming year. Sadly, we also have had a drop in attendance due to the cold weather.

Prayer Requests: Please remember in your prayers primarily our Coffee ministry. Not only that it will continue to grow, but also that we will be able to bring more people to Christ through it. Please keep those of us who teach them in mind as well, so that we might not end up stressed out and that we will be able to deliver our lessons better as well.

Please also remember to keep me in your prayers as I travel home for this Christmas season to see my family. Travelling at this time of season can

sometimes be difficult. Please pray that safe travels will come my way, and that I will not get stuck at the airport.

Conclusion: This has been a very productive month with everything from building basketball hoops to intensive studies. It has been a very good growing experience for me and my teammates to be able to work alongside such a great mission such as this. I would like to thank you all for all of the support you have sent my way, either by monetary means or by prayer, you are the reason that I get to do something so important such as this.

I would also like to remind you that if you would like to help me financially as I continue working here in Honduras, that you can send any donations to the:

Liberty Church of Christ Liberty, Missouri.

1401 Glen Hendron Dr. 64068

I love you all, and hope you have a day full of blessings.

Sincerely,

Adam Lord
